

# Floating lake home

**(+)** Floating House of 35m<sup>2</sup> with disabled access. Ideal for stays on the water. The timber frame construction makes it warm, a perfect little lake house. The bay window overlooks a wooden terrace of 12 m<sup>2</sup> link between land and water.

This space is perfect to enjoy the proximity to the water, with large view of the environment.

This floating structure with a fitted kitchen and bathroom brings significant comfort compared to its living space.

**(+)** Sizes: 11 x 5m

Living space: 34.95 m<sup>2</sup>  
Outdoor deck area: 12 m<sup>2</sup>  
Convertible attic 4.5 m<sup>2</sup>

**C**onnecting at the dock (water networks, electricity).

Level of self-sufficiency bespoke on request.

Disabled access.

Hull made of 2 steel or concrete floaters

Gateway access to the terrace

Sleeping capacity max: 4 to 6 people depending on options.

High thermal and energy efficiency.
